Paul and Julie Brown started this company last year as Saddleworth Joinery Manufacturers, the company office was then registered in Rochdale. Now another company has appeared called Saddleworth Joinery Limited, with that company being registered at Knarr Barn Mill, with Julie Brown as the director.

The original company, Saddleworth Joinery Manufacturers Ltd has moved it's address to Liverpool, and now has a director of Canadian nationality who resides in Seville!

At the time of writing, SJ Manufacturers had 4 CCJ's registered.

This both these companies would come very low down my list if I had to use any joinery services in the Saddleworth area, and they both have WARNING status on credit reports.
